

# RemAInder

Fausto Zamparelli, Daniel Falbo

May 26, 2024

## Introduction

To build this project, we solved various tasks independently and then made them communicate between each other for the final product.

## Method

**Text-to-Speech task**

**Speech-to-Text task**

**Todo-extraction task**

**Todo category classification task**

[Confusion Matrix here]

**Vision Food Classifier task**

## Results

**Glue Orchestration**
